

**REMARKS/ARGUMENTS**

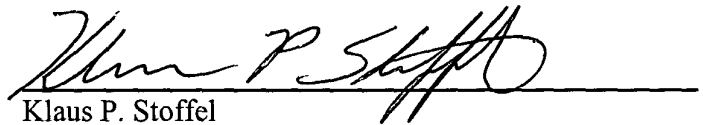

The present amendment is submitted prior to the issuance of a first Office Action and simultaneously with the filing of the present application.

With this amendment applicants have amended the specification, cancelled claims 1-31 and added new claims 32 to 48, all in an effort to place the application in better condition for examination, and so that the application is drawn to the section.

Favorable action on the present application is respectfully requested.

Any additional fees or charges required at this time in connection with the application may be charged to our Patent and Trademark Deposit Account No. 15-0700.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Klaus P. Stoffel', is written over a horizontal line.
